Otherwise we're gunna have a slumber party in the Capitol Building. We could fit plenty of people in those secret underground tunnels!

It'd be a shame if some based bastard Killdozer'ed their lobby and support columns... I mean, what would the masses do without their daily dose of agitprop and propaganda?! This is what the Serbs did when they had their revolution. 27 of them in Front End Loaders and Backhoes. I mean, this is America - we can do better than a few front end loaders to take out state TV...

Time to let the morons in Congress know the TRUE WILL of the people. Their voting systems, which are as rigged as Commiefornia's red light cameras, cannot deny Trump's true support.

▼ Honestly, we should do psyops that we're doing rallies every fucking weekend in DC. If they want to close the hotels down, remember that inconveniences all the neoliberal businesses, swamp lobbyists, and military industrial complex contractors as well. That is GOOD for us.

I'll sleep in a muddy creek bed for GEOTUS Trump. I'll be just fine without a hotel room - but deprive the swamp of their hotel rooms!
